YWCA Greater Newburyport is a part of an international women's movement. Across the globe, we have more than 25 million members in 122 countries, including 2 million members in 230 local associations in the United States.

The YWCA Greater Newburyport is celebrating 135 years of service to the community, by nourishing the potential and ability of every individual regardless of race, gender or economic reality. Support is offered to women and families through programing that tends to their health and wellness, aids in the development of job skills, provides access to affordable housing and childcare programs, amongst numerous other things. Most of our programs are made possible through donations and gifts from community members like you.

If you would like to become part of the tradition of generous giving that has kept this organization strong for 135 years, please consider giving to our Annual Appeal.

school's out summer

Our camp community feels like coming home to your childhood neighborhood; it's a place where every kid fits in just as s/he is! Your child will have an amazing time with camp buddies each day while still being true to his or her unique personality and interests. Each and every child will come home tired for all of the right reasons and wake up the next morning ready to charge into the next adventure!

Campers will be adventuring with the most amazing staff team there is. Our staff members work year-round in childcare; not just in our summer camp. Their wealth of experience and skills are above and beyond what you find in other camps. Fast and furious friendships and a connected community of parents and families are the mainstay of all YWCA youth programs; this program is no exception!
