Program Description

Our summer trips program is on a mission to make your summer EPIC! We believe that summer vacation is a time to soak up the fun. We'll plan the most EPIC adventures that we can think of.....and then enjoy every second of every day alongside your children! From breath taking thrill rides to splashing through the waves at the beach, we'll carefully curate a perfect balance of exploration, thrill and lazy summer days. You might have to work, but your child will be living their best life and coming home tired in the BEST possible way!

We know that summer should be fun, exciting, and filled with the best memories! Those memories start with an amazing staff team. Many of our staff work year-round; their wealth of experience and skills is coupled with consistency. Our commitment to low camper to counselor ratios allow us to build the highest relationships and promote a supportive nurturing community.

Let us make your summer EPIC!

Inclusion Policy

The YWCA is committed to ensuring that our program is inclusive and accessible. We have an inclusion specialist working full time in our summer trips program providing guidance and training to staff and ensuring strong intentional support for all children. Parents should reach out to the Program Director with any/all support needs. We ask that parents provide support information and meet with our inclusion specialist to set everyone up for success. **The YWCA reserves the right to determine if its program can meet the individual needs of each child. The YWCA does not provide 1:1 support.*
